the timpending ordinance.

The passuse of such an ordinance, said of ... Whitrield, would be of inestimable twantage to the people of the city, escalally to the bubbles, as milk is one if the greatest bacteria carriers known mong foods. Practically all decreased discusses, so fatal as they are to infancy, are tissed by inpure milk, and in the larger ties, before the enactment of laws resulting purer milk, thousands upon tousands of bubbles died every year from the effects of impure milk.

LIMA, O., December 2—Possessed with the idea that she was a second Cassie L. Chadwick, Miss Mary Dickman, aged forty-eight, excited Lima mercantile houses by wholesale purchases of silks and satus, buying in one atore twelve silk umbrellas and in another \$300 worth of furs.

silk umbrellas and in another 1340 worth of furs.

She gave checks on her savings account at the Metropolitan Bank in payment, and only when three or four houses had called up the bank was it learned that though she had mosey there it was not subject to check.

She was taken before the Probate Court, found totally unbalanced on money matters, and sent to the Toledo State Hospital. She is a member of a highly respected family.

## TRAIN WRECK FEEDS

NEW HAVEN, December 2.—That the ways of Providence are inscrutable is admitted by Silas Horsford, whose farm abuts the Danbury branch of the New Haven Road. He has been praying for folder for his hons for the winter, A freight train of twenty-three cars was wrecked near his place. Twenty-two cars were smashed and the twenty-third obligingly tumbled down into Silas Horsford's back yard and dinned several bundled.

door. "That'll tickle the hens, and cras at forty-five cents," was the farmer's joyous

housands of babies died every year from the effects of impure milk.

A mother, with tears in her eys, once told the famous Dr. Osler that it had pleased Providence to take her baby from her. The physiciar replied that it was unfulr to blame Providence, who had pothing to do with the matter, and said. "It was bad milk that killed your baby." In New York City in 1881 the death rate from diarrhead diseases sameng children under five was 35.2 to the 1.000; in (Continued on Eighth Page.)
